3. What are the benefits?

SAFE.

CONVENIENT.

ECONOMIC.

CREDIBLE.

3. What are the benefits?

SAFE

- **decreased risk** of compliance problems before, during and after accreditation
- structured and predefined workflows **stabilise** your certification management
- digitalisation **prevents data loss**
- **data safety** is secured with ISO-certified Austrian hosting
- only registered users have access to the system and its data
- data visibility and accessibility according to defined user rights and roles
- **systematic monitoring** of deviations and corrective measures
- efficient **prevention of conflicts** of interest among inspectors

3. What are the benefits?

CONVENIENT

- **no installation**, global access
- "On-Site" allows working **remotely** without internet access
- all data easily available online in one secure platform
- no more error-prone, intricate Excel-files and paper-based documentation
- **easy** data analysis, reporting & sharing
- multilingual, **flexible** interface, e.g. in EN, ES, DE, FR, PT,...
- option to create **individual** checklists
- checklists can be automatically updated according to applied standards
- **efficient planning** of inspection visits including integration of Google Maps
- **automated** email & reminder functions
- integrated tool "transaction deliveries"

3. What are the benefits?

ECONOMIC

- process **optimisation** across the organisation
- increased likelihood of a **successful** accreditation
- **speeding up** of administration processes
- **enhanced communication** within operators and accreditation bodies
- demonstration of **proficiency** fosters competitiveness and attracts new clients
- option to increase visibility and **exposure** by uploading data into Check Organic

3. What are the benefits?

CREDIBLE.

- based on the Intact-Platform **ECERT**, the worldwide leading ERP solution for audit and certification and management
- developed to address the specific needs of small and local certification bodies
- our consultancy draws on **more than 30 years of industry experience**
- demonstration of **proficiency and integrity**
- play at the same level as large, global certification bodies
